PIEDMONT

GABRIELE SCAGLIONE

Alta Langa, Langhe, Roero, Alba

TRADITIONAL IN RESPECT

Few wines show the hand of their creator quite like Gabriele's. Gabriele's signature touch of whimsy and gusto unify the elements of traditional winemaking and the passion and innovation of a creative winemaker. His love for finer French wines, show in his wines.

15-25 year old vines

12 hectares.

CASTELLO DI MONTECAVALLO

Caste della Sessia

ORGANIC-BIODYNAMIC-NATURAL

In the foot hills of the Biellese alps; collaboration between Andrea Manfrinati, the bio-grower/producer & his friend Maria Chiara Reda who's family built the Neo-Gothic castle they cellar in around 1830, which has remained in the family to this day. Together they make truly interesting natural wines, still obtaining their classic beauty. The growing region of Coste della Sesia, while only recognized in 1996 is one that has been in existence since the Romans.

Nebbiolo, Vespolina and Erbaluce

MOLINETTO DI DIEGO CARREA

Gavi

ORGANIC

An oenological gem nestled in the heart of the Gavi DOCG, Carrea's vineyard sites rest at the convergence of several soil types found in Gavi. His grapes draw influence from the rich red clay and calcified mineral soils, and his wines offer a transformative cortese experience. Nuanced, subtle, elegant, and mesmerizing, the wines of Diego Carrea are not to be missed.

20 year old vines

6 hectares

Cortese di Gavi

OLTRETORRENTE

Tortona – Colli Tortonesi

ORGANIC / BIODYNAMIC

Nestled in the rolling hills of Tortona, South Piedmont, Oltretorrente was born from the passion of two dedicated winemakers, Michele Conoscente and Chiara Penati. The couple purchased a modest 1.5 hectares at the onset of their project in Piedmont focusing on Timorasso Derthona, they revitalizing defunct vineyards and restoring the vines of indigenous varieties. Today, Michele and Chiara create regionally specific wines of character and quality.

25 year old vines on average

7 hectares

Timorasso, Cortese, Barbera, Dolcetto

ORSOLANI

Caluso

SUSTAINABLE

In the Alpina foothills of Northwest Piedmont, Gian Luigi Orsolani and his father, Francesco are the pride of the area, they are the 3rd and 4th generations of the families winery. They are one of just a handful of producers still working with erbaluce, the Orsolani family name is synonymous with the local white variety. Respect for nature is the base of working, to minimize the impact on territory and safeguard health for us and for our customers. They use only organic fertilizers and low environmental impact treatments, according to EU rules. Works in vineyards is mainly manual with little use of tractors.

EMILIO DEFILIPPI

Oliva Gessi – Oltrepo' Pavese

SUSTAINABLE

The property and the vineyards belongs to Emilio's family since 1907. Located in the small town of Oliva Gessi, on the hills of Oltrepo' Pavese, in the south west corner of Lombardy, across the Po' River and Ligurian Alps. It is here that Emilio, with his wife and 2 sons, tend to their farm and agriturismo, and make some really striking wines, alive and clean, that sing of their region purity.

25 year old vines

20 hectares

Croatina, Barbera, Pinot Noir, Chardonnay, Riesling

MARANGONA

Pozzolengo, Lake Garda

ORGANIC

The name "Marangona" refers to the bell that tolls to signify the end of the working day; drinking Alessandro Cutulo's wines evoke that end-of-day relaxation, where the hustle and bustle of everyday life quiets down, if only for a moment. From calcareous, mineral-rich clay soils, Alessandro's wines offer focused palates that deliver a sense of place and convey the relaxed nature of the winemaker.

25 year old vines

23 hectares

Turbiana di Lugana, Gropello, Marzemino, Barbera, Sangiovese

ZULIANI

Padenghe del Garda

ORGANIC

Lucia Zuliani works as her father did and his father before; always allowing the wines to do what they want, never forcing their hand. As one of the founding families in the lake Garda area, they have worked the lands for many generations. No wood, old cement.

TESSARI

Monteforte d'Alpone

A true family affair, the Tessari clan has been cultivating their winery in 1933, when Antonio Tessari dug a small cellar using only his hands and small work tools. Since then, two generations have grown the cantina to a fully modern winery. Persistent in the family legacy is a deep-rooted love of the hills of Soave and their only grape, garganega; a love that's apparent in every bottle.

FRIULI

MARINA DANIELI

Buttrio – Colli Orientali

SUSTAINABLE

Marina Danieli has deep roots in farming. The Danieli Estate is in its 4th generation and successfully conducted by Marina Danieli. The family has been making wines since the 1800's. Marina is the 4th generation, all women, to run the winery and over see the land. Her daughter works under her, soaking up decades of knowledge. All in all, their land extends over 100 hectares including vegetable gardens, orchards, vineyards, and woods. From this soil and sustainable farming are produced the typical wines from Friuli, rich in character, and perfect to be enjoyed in good company.

TENUTA LA VIOLA

Bertinoro

ORGANIC

The Gabellini family moved from the inland Romagna to Bertinoro and in 1962 purchased the land with it's Sangiovese and Albana vineyards. They are passionate people and with their passion is a great understanding of food and wine. We had one of our best meals in their cantina and some very memorable wines. Within the microclimate that they are in, Sangiovese and Albana thrive, even with their strict organic practicing that they have been working since the 1990's. Cool ocean air assists with their hotter weather.

50 hectares
Trebbiano, Chardonnay, Sangiovese

POGGIO LA NOCE

Fiesole

ORGANIC

With 3 hectares planted in the heart of Tuscany, a lovely drive up into the hills above Florence, Poggio la Noce is the epitome of boutique winery. The estate was founded by husband and wife team, Enzo Schiano & Claire Beliard, who do most all of the daily work. They grow grapes and olives, have some animals and cultivate a garden for their seasonal food, everything is organic. As passionate foodies, they care what goes into their bodies. Theirs is perfectly positioned, meticulously cared for with a full understanding of 'you get what you pay for.' Focused, caring and eager, these 2 are making some terrific wines and are really getting noticed.

TENUTA DI CASTELLARO

Isola di Lipari

**ORGANIC
SUSTAINABLE
i vignieri**

On the island of Lipari, wines are shaped by wind and sea. Tenuta di Castellaro was established with the goal of planting unused volcanic soils under vine. As a part of the I Vignieri consortium, the Tenuta di Castellaro must abide by strict codes of organic practices and sustainability.

20 year old vines
10 hectares
Malvasia di Lipari, Carricante, Nero d'Avola, Corinto Nero, Nerello Mascalese, Nerello Capuccio

NINO CARAVAGLIO

Isola di Salina

**ORGANIC
NATURAL**

Nino lives on the extinct volcanic island of Salina off the coast of northern Sicily. Here he grows indigenous grapes on original root stock- the loose, dry soils with emitting sulfur prevented the spread of phylloxera to the island, preserving ancient vineyards. He has over 30 organic micro-vineyards scattered over Salina and neighboring islands planted with Malvasia, Nerello Mascalese, Corinto Nero and a few others. His family has a long history of growing, he is the first 'official' winemaker, making wines in the ancient, most natural way. And his century old caper plants produce the finest berries!
